COVENANT TO RESTRICT USE OF PROPERTY ENVIRONMENTAL RESTRICTION

Re: A Portion of the former Fort Ord installation lies within a "Groundwater Protection Zone" as defined by Monterey County Ordinance 04011 (Exhibit "A"). Use of groundwater is prohibited on the Property described below and shown on Exhibit "B". A previous Covenant for a portion of the Property within the Groundwater Protection Zone was signed by representatives of the State of California in August 2003. This Covenant is for a second portion of the Property.

This Covenant, and Agreement ("Covenant") is made by and among The United States of America acting by and through the United States Army (also referred to herein as the "Covenantor"), the current owner of the herein described real property located in the County of Monterey, State of California, shown on Exhibit "B" and described in Exhibit "C", attached hereto and incorporated herein by this reference (the "Property"), the State of California acting by and through the Department of Toxic Substances Control ("Department"), and the Central Coast Regional Water Quality Control Board ("Regional Water Board").

The Department and the Regional Water Board also wish to expedite the transfer of this property to the Fort Ord Reuse Authority (FORA), City of Marina ("Marina"), Shelter Outreach Plus, City of Seaside ("Seaside"), Monterey County, and the California Department of Transportation

(CalTrans), pursuant to the requirements of the Comprehensive Environmental Response Compensation and Liability Act (“CERCLA” 42 USCA § 9601 et seq.), Section 120(h). All of the Fort Ord facility is subject to the requirements of CERCLA. FORA intends to transfer the parcels it receives to Marina, Seaside, and Monterey County. CalTrans intends to give the Transportation Agency for Monterey County (TAMC) an easement for the parcel.

Pursuant to California Civil Code Section 1471(c), the Department and the Regional Water Board have determined that this Covenant is reasonably necessary to protect present or future human health or safety or the environment as a result of the presence of hazardous materials, as defined in the California Health and Safety Code (“H&SC”) Section 25260(d), in the groundwater and the soil, and to protect waters of the state in accordance with California Water Code Division 7.

The United States Army (Army) intends to transfer the Property to FORA, Marina, Shelter Outreach Plus, Seaside, Monterey County, and CalTrans. As a part of that transfer, the Covenantor will impose separate deed restrictions on the Property, which will be similar to the restrictions contained in this Covenant.

The Covenantor, the Department and the Regional Water Board, collectively referred to as the “Parties” hereby agree that the use of the Property will be restricted as set forth in this Covenant.

ARTICLE I

STATEMENT OF FACTS

1.01 The Property, totaling approximately 489 acres, is more particularly depicted in Exhibit “B” and described in Exhibit “C”. The Property is located on the former Fort Ord, California and is summarized in the table below.

| Parcel Number | Acres | Name on Legal Description in Exhibit C* | Recipient | Intended Reuse |
|---------------|-------|---|----------------|---------------------------|
| E15.1 | 49.18 | Seaside 1A | FORA (Seaside) | Right of Way (ROW)/retail |
| E2b.1.1.1 | 22.8 | Portion 1 | FORA (Marina) | Development/mixed use |
| E2b.1.1.2 | 1.2 | Portion 6 | FORA (Marina) | Development/mixed use |
| E2b.1.2 | 10.6 | Portion 2 | FORA (Marina) | ROW road |
| E2b.1.3 | 33.6 | Portions 4, 5 and 7 | FORA (Seaside) | Development/mixed use |
| E2b.1.4 | 2.3 | Portions 5 and 7 | FORA (Marina) | ROW road |
| E2b.1.5 | 12.2 | Portions 5 and 7 | FORA (Marina) | Development/mixed use |
| E2b.2.1 | 71.1 | Portions 6 and 7 | FORA (Marina) | Development/mixed use |
| E2b.2.2 | 0.8 | Portion 2 | FORA (Marina) | ROW road |

* Parcels may be divided among more than one “Portion” as surveyed for FORA and the City of Marina.

1.02 The Covenantor has conducted a remedial action to remove contaminated soil and substances at the Property under the supervision and authority of the Department, the Regional Water Board and the United States Environmental Protection Agency (U.S. EPA). The remaining contamination of the Property is in the underlying groundwater. This groundwater exists in two aquifers, the “A”, the uppermost aquifer, and the “180-foot” aquifer, which is directly beneath the “A” aquifer. These aquifers are separated by a clay layer in some areas, and are contiguous in other areas. Groundwater in these aquifers is contaminated with volatile organic compounds (VOCs), primarily trichloroethene (TCE), associated with Operable Unit 2 (OU2) and Remedial Investigation (RI) Sites 2 and 12. OU2 is the former Fort Ord Landfill located east of 6th Avenue and south of Imjin Road. RI Sites 2 and 12 are located immediately southeast of the 12th Street Gate. Pursuant to the Fort Ord Federal Facility Agreement, signed by the Parties in 1990 in which the Army agreed to complete the cleanup at Fort Ord, a Record of Decision (ROD) for OU2 was signed on August 23, 1994. The ROD for RI Sites 2 and 12

(Record of Decision, Basewide Remedial Investigation Sites) was signed on January 17, 1997. The contaminant plumes underlying the Property are undergoing extraction and treatment pursuant to the RODs. A separate area of groundwater, contaminated with carbon tetrachloride, was recently discovered in both the “A” and “180-foot” aquifers. The carbon tetrachloride plume was discovered in summer 2000. Additional monitoring wells to further define the plume limits are planned. The Army, the Department, the Regional Water Board and U.S. EPA will sign a ROD documenting the decision on remedial action. Monterey County has enacted an ordinance that prohibits pumping and use of the groundwater in this area. (Attached as Exhibit “A”). The “Groundwater Protection Zone”, as defined in that ordinance is also used herein.

1.03 The groundwater underlying the Property is contaminated with VOCs, primarily TCE, as shown below in paragraph 1.04, associated with OU2 and RI Sites 2 and 12. This compound exists at concentrations exceeding the Aquifer Cleanup Levels (ACLs) presented in the Operable Unit 2 and the Basewide Remedial Investigation Sites RODs. The ACLs in these RODs were set at or below both State and Federal Maximum Contamination Levels (MCLs), found in both 40 CFR Part 141 and/or Title 22 California Code of Regulations (CCR) Section 64444. The ACL for the carbon tetrachloride plume has not been established.

1.04 The maximum estimated concentration of TCE in the groundwater beneath the Property is 13 µg/L (Parcel E2b.2.1). The concentrations of chemicals of concern frequently detected in the groundwater plume associated with the OU2 and RI Sites 2 and 12, as of September 2001, are listed in the table below; the quantity released of these compounds is unknown. No carbon tetrachloride was detected in monitoring wells on the Property.

| Chemical Name | Regulatory Synonym | Estimated Maximum Concentrations (µg/L) | ACL |
|---------------------------|-------------------------|---|------------|
| Benzene | Benzol | ND | 1.0 |
| Carbon Tetrachloride | Methane, tetrachloro- | ND | 0.5 |
| Chloroform | Methane, trichloro- | 0.98 | 2.0 |
| 1,1-Dichloroethane | Ethane, 1,1-dichloro- | 2.0 | 5.0 |
| 1,2-Dichloroethane | Ethane, 1,2-dichloro- | 0.14 | 0.5 |
| 1,1-Dichloroethene | Ethene, 1,1-dichloro- | 3.3 | 6.0 |
| Cis-1,2-Dichloroethene | Ethene, 1,2-dichloro(E) | 5.6 | 6.0 |
| 1,2-Dichloropropane | Propane, 1,2-dichloro- | 0.49 | 1.0 |
| Total 1,3-Dichloropropene | Propene, 1,3-dichloro- | ND | 0.5 |
| Methylene Chloride | Methane, dichloro- | ND | 5.0 |
| Tetrachloroethene | Ethene, tetrachloro- | 0.87 | 3.0 |
| Trichloroethene | Ethene, trichloro- | 13.0 | 5.0 |
| Vinyl Chloride | Ethene, chloro- | ND | 0.1 |

1.05 Pump-and-treat groundwater remediation systems located near the corner of 12th Street and 3rd Avenue (for OU2) and near the corner of 1st Avenue and 12th Street (for RI Sites 2 and 12) are in place and shown to be operating effectively. Both systems extract water from the

contaminated "A" aquifer and the "180-foot" aquifer, remove contaminants by means of granular activated carbon (adsorption). and inject the treated water back into either the "A" or "180-foot" aquifers (recharge). Locations of extraction, injection and monitoring wells are shown in Exhibit "B". The Army has received concurrence from the U.S. EPA that the pump-and-treat system for remediation of the OU2 groundwater plume and the RI Sites 2 and 12 groundwater plume, are in place and operating "properly and successfully" (4 January 1996 and 3 July 2002, respectively). Since 1996, additional groundwater Contamination has been discovered in the "A" and "180-foot" aquifers associated with OU2, which the existing pump-and-treat system was not able to capture and treat. The Army designed and constructed an expansion to the existing OU2 pump-and-treat system. The Parties believe this expansion will successfully capture and treat the additional contamination. As stated in 1.02 above, the remedial action for the carbon tetrachloride plume has not yet been determined by the Army, the Department, the Regional Water Board and U.S. EPA.

ARTICLE II

DEFINITIONS

2.01 Department. "Department" means the California Department of Toxic Substances Control and includes its successor agencies, if any.

2.02 Regional Water Board. "Regional Water Board" means the California Regional Water Quality Control Board, Central Coast Region, and includes its successor agencies, if any.

2.03 Water Agency. "Water Agency" means the Monterey County Water Resources Agency.

2.04 Health Department. "Health Department" means the Monterey County Environmental Health Department.

2.05 Covenantor. "Covenantor" means the United States of America acting through the United States Army.

2.06 Owner. "Owner" means the Covenantor, its successors in interest, and their successors in interest, including heirs and assigns, who at any time hold title to all or any portion of the Property.

2.07 Occupant. "Occupant" means Owners and any person or entity entitled by ownership, leasehold, or other legal relationship to the right to occupy any portion of the Property.

ARTICLE III

GENERAL PROVISIONS

3.01 Restrictions to Run with The Land. This Covenant sets forth protective provisions, covenants, restrictions, and conditions (collectively referred to as “Restrictions”), subject to which the Property and relevant portions shall be improved, held, used, occupied, leased, sold, hypothecated, encumbered, and/or conveyed. Each and every Restriction: (a) runs with the land pursuant to Health and Safety Code Sections 25222.1, and 25355.5(a)(1)(c), and Civil Code Section 1471; (b) inures to the benefit of the Department and the Regional Water Board and passes with each and every relevant portion of Property; (c) is for the benefit of and is enforceable by, the Department and the Regional Water Board; and (d) is imposed upon the entire Property unless expressly stated as applicable only to a specific portion thereof.

3.02 Binding upon Owners/Occupants. Pursuant to Health and Safety Code Sections 25222.1 and 25355.5(a)(1)(C) and Civil Code Section 1471, this Covenant binds all Owners and Occupants of the Property, and their heirs, successors, and assignees, and agents, employees, and lessees. Pursuant to Civil Code Section 1471(b), all successive owners and occupants of the Property are expressly bound hereby for the benefit of the Department and the Regional Water Board.

3.03 Written Notice of Release of Hazardous Materials. Prior to the sale, lease, or sublease of the Property, of any portion thereof, or the execution of a license or easement on the Property, the owner, lessor, or sublessor shall give the buyer, lessee, or sublessee notice that hazardous materials are located beneath the Property as required by Health and Safety Code Section 25359.7.

3.04 Accompaniment to Deeds and Leases. This Covenant shall accompany all deeds and leases, for any portion of the Property.

3.05 Conveyance of Property. The Owner shall notify the Department, the Regional Water Board, the Water Agency, and the Health Department not later than thirty (30) days after executing any document conveying any ownership interest in the Property (excluding short-term rentals and leases, mortgages, liens, and other non-possessory encumbrances). None of the above agencies shall have, by reason of this Covenant, authority to approve, disapprove, or otherwise affect any proposed conveyance, except as otherwise provided by law, by administrative order, or by a specific provision of this Covenant.

ARTICLE IV

RESTRICTIONS

4.01 Prohibited Activities. The following activities are prohibited on the Property without the prior review and written approval of the Covenantor, the Department, and the Regional Water Board:

- (a) Construction of groundwater wells for injection or extraction and utilization, and
- (b) Any other activity on the Property that would interfere with or adversely affect the groundwater remediation system on the Property or result in the creation of a groundwater recharge area (e.g., unlined surface impoundments or disposal trenches). Normal landscaping and irrigation activities within the Property including routine irrigation practices are not prohibited activities.

4.02 Notification of Discovery of Activities Affecting Groundwater Systems. The Owner or Occupant shall notify the Department, the Regional Water Board, the Water Agency, the Health Department, U.S. EPA, and the Covenantor of the discovery of any activities conducted by the Owner or Occupant interfering with or adversely affecting any groundwater extraction, treatment, or monitoring installation for the Property. The Owner or Occupant shall provide the notification in accordance with Section 7.04 within seven (7) working days after the discovery of the activity and shall include information regarding the type of activity, date of the activity, and location of the activity on the Property.

4.03 Access. The Department, the Regional Water Board, U.S. EPA, and the Covenantor, its contractors and agents shall have reasonable right-of-entry and access to the Property for inspection, monitoring, testing, sampling, installation and monitoring of remedial systems, and other activities consistent with the purposes of this Covenant as deemed necessary by the Department, the Regional Water Board, U.S. EPA, and the Covenantor in order to protect the public health and safety or the environment and oversee any required activities.

ARTICLE V

ENFORCEMENT

5.01 Enforcement. Failure of the Covenantor, Owner or Occupant to comply with any of the Restrictions specifically applicable to it shall be grounds for the Department or the Regional Water Board to require that the Covenantor or Owner modify or remove any improvements ("Improvements" herein shall mean all buildings, roads, driveways, and paved parking areas, water wells, and surface impoundments constructed or placed upon any portion of the Property in violation of the Restrictions). Violation of this Covenant shall be grounds for the Department or the Regional Water Board to file civil or criminal actions as provided by law.

ARTICLE VI

VARIANCE, TERMINATION AND TERM

6.01 Variance. Covenantor, or any other aggrieved person, may apply to the Department for a written variance from the provisions of this Covenant. Such application shall be made in accordance with H&SC Section 25233. The Department shall receive the concurrence of the Regional Water Board before any such variance is effective.

6.02 Termination. Covenantor, or any other aggrieved person, may apply to the Department for a termination of the Restrictions or other terms of this Covenant as they apply to all or any portion of the Property. Such application shall be made in accordance with H&SC Section 25234. The Department shall receive the concurrence of the Regional Water Board before any such termination is effective.

6.03 Term. Unless ended in accordance with the termination paragraph above, by law, or by the Department and the Regional Water Board in the exercise of their discretion, this Covenant shall continue in effect in perpetuity.

ARTICLE VII

MISCELLANEOUS

7.01 No Dedication Intended. Nothing set forth in this Covenant shall be construed to be a gift or dedication, or offer of a gift or dedication, of the Property, or any portion thereof to the general public or anyone else for any purpose whatsoever.

7.02 State of California References. All references to the State of California, the Department, and the Regional Water Board include successor agencies/departments or other successor entity(ies) and delegated agencies.

7.03 Recordation. The Covenantor shall record this Covenant, with all referenced Exhibits, in the County of Monterey within ten (10) days of the Covenantor's receipt of a fully executed original and prior to transfer of the Property from the Army to another owner.

7.04 Notices. Whenever any person gives or serves any Notice ("Notice" as used herein includes any demand or other communication with respect to this Covenant), each such Notice shall be in writing and shall be deemed effective: (1) when delivered, if personally delivered to the person being served or to an officer of a corporate party being served, or (2) three (3)
